En of a Cycle

For more than 20 years I have been involved in Correspondence Chess activity. First in CADAP (1993) as a temporal replacement of my friend Ing. Antonio Lascurain (who passed away in that time) working as the editor of the APA magazine. Then, after hosting the 1997 ICCF Congress in Buenos Aires I became Zonal Director in the ICCF Congress 1998 in Riga. Just a few years later, in 2005 it was fun to be again the host of the ICCF Congress in Argentina (Villa La Angostura - Patagonia)

Its been a long time and now is high time to quit, need to make a change in my life and focus in other personal issues. I have no regrets and feeling happy to realise that I have gained a lot of friends world wide.

*As I always been doing every year, in my final CADAP report I would like to send a special recognition to my Latin American friends who helped and gave me a full and strong support in my task as Zonal Director: Guillermo Toro Solis de Ovando (CHI), Márcio Barbosa de Oliveira (BRA), Pedro Federico Hegoburu (ARG), Armando Alexis, Pérez Pérez (CUB), Juan Carlos Perez Rodriguez (ARG), Joachim Dorner (GUA), César A. Blanco Gramajo (GUA), Gino Figlio (PER) and the list may be endless...
It was an honour to share with them all the passion we have for Chess.*
